*The First Days* is the first book of the "As the World Dies series". It is a thriller full of intense violence and gory zombies. This book also contains a bunch of conflict between the survivors of the zombie apocalypse who all have one goal: to survive.

I would rate this book as a 4 out of 5 because it was a really shallow book. It was just a story to give you the chills and make your heart pump really fast. I thought it was great, but not perfect. I would recommend picking this book up, as well as the other books in the series.
